DRY IDEA

MONTREALERS KNOW A FEW THINGS ABOUT RAIN AND SLEET, BUT DRESSING WELL WHEN THE WEATHER'S WET? IT'S OFTEN A CONUNDRUM.

We're delighted that Furi Design has launched a line of **water-repellent slickers** in pretty palettes like lavender, light grey and steel blue. Lightweight and made from noise-free nylon (no annoying crinkle sounds while walking), we love the stretchy cropped jacket and knee-length belted trench with detachable hood.

Never mind *la pluie*, we're walking on sunshine.

At Mimi & Coco, 4927 Sherbrooke Street W., Westmount, 514-482-6362.
